German people who fought fanatically for Bismarck, Frederick the Great and Kaiser Wilhelm now constitute gang of millions of murderers and no criminal procedure is provided for their punishment.

### Chapter I.

In the short span of twenty-five years the Germans have erupted twice, dislocated all humanity, and forced us to abandon peaceful pursuits. Judged by ordinary criminal standards, her crimes are so great as to exceed our concepts of punishment.

LONDON, April 17.—Allied bombing fleets resumed the two-way bombardment of Axis Europe today as U.S. 8th Air Force bombers pounded the German invasion coast and Italian-based heavy strikes in great strength at Sofia and Belgrade.

The 8th Air Force raiders, swinging back to the attack after a day's lull imposed by bad weather, warned across the English Channel shortly after midnight under an umbrella of fighters to drop their bombs on the German and Italian installations in the Pas de Calais area.

Simultaneously, the U.S. 15th Air Force continued on Page 2, Col. 5

## High Court Grants Paper Injunction On Government Ban

SYDNEY, Aus., April 17.—(CP)—The Commonwealth high court today granted an interim injunction sought by the Sydney Daily Telegraph to restrain the government censorship authorities from suspending publication of the newspaper because it printed articles in its Saturday editions.

The articles, banned by censors, were printed in a column of daily newspaper to test the constitutionality of the interim injunction. All four were banned.

## Interior of Moser-Ryder Building Totally Destroyed in Night Blaze

Nearly 40 persons, most of whom were dressed only in night attire, fled before flames which badly damaged the Moser and Ryder Block, 101 street, in a general alarm fire which broke out about 2:56 a.m. Monday, causing damage which it is estimated will run as high as two hundred thousand dollars. Two persons, of several injured, were rushed to the Royal Alexandra hospital, while others were given first aid treatment by the fire department or other citizens in nearby blocks. Estimates of damage were based on early surveys by those competent to judge.

Injured and in hospital are: David Fraser, accountant, Canadian Legion, and Paul Detlevsen, janitor, Moser and Ryder block, both of whom suffered from burns to the hands.

The block became an inferno which burned for more than four hours before being brought under control by 34 city firemen. Water or fire damage extended to all parts of the building, ruining the property of several business firms and causing about 40 persons to become homeless.

The Moser and Ryder block was valued at about \$200,000. It is owned by the Federal Building Company, H. A. Friede, who is acting for the company, said he was unable to estimate the amount of damage to the building. E. L. Friedman, head of the Walk-Rite shoe shops, which occupied the ground floor and basement of the building, said he had about \$100,000 worth of stock on the premises. "It certainly is difficult to place a loss estimate," he said.

When firemen arrived on the scene they went into the Walk-Rite and covered much of the dress goods with large tarpaulins. It was stated that all furs which had been placed in the vault safekeeping, would be undamaged. At noon, Monday, no investigation of the articles in the safe had been made.

Screams of persons trapped in the building, as they leaned or hung from windows, attracted the attention of a few passers-by, while fire sirens routed sleepers in other nearby blocks.

## Soldier-Artist Of Ponoka Wins Laurels in Italy

WITH THE CANADIAN CORPS IN ITALY, April 17.—(CP)—Whenever Sgt. Freeman Lewis of Ponoka, Alta., goes out with his long for reasons he takes with him a sketch book into which he has gone almost 400 sketches of the life in Sicily and Italy.

Lewis was born at the Ontario College of Arts before he went to Ponoka to operate a general store with his brother, Charles, now an armorer in the Canadian Corps. Freeman himself is a ration sergeant in the Royal Edmonton Regiment.

When returns to camp from ration trips he works the sketches into water colors.

## Train, Car Crash Takes Three Lives

PICKERING, Ont., April 17.—(CP)—Mrs. and Mrs. Edward Watkins of Kootenay, B.C., and their baby son, Barry, were killed late Saturday when the automobile in which they were riding was struck by a Canadian Pacific Railway freight train. Two persons in the car were injured.

## To Enlist Aircrew On Reduced Scale

## National Coal Policy Urged By Delegation

Institution of a "progressive national coal policy based on the principle of Canadian coal for Canadians" was urged in Ottawa today by Hon. N. E. Tannock, Alberta's minister of lands and mines when he headed a delegation, which appeared before Prime Minister W. L. Mackenzie King to discuss the existing Alberta coal situation.

The national coal policy, it was stated, should be carried out at a point where Canadian mine and coal companies are steadily employed, "with a view to maintaining their purchasing power, with its resultant benefit to the nation as a whole."

Members of the committee, besides Mr. Tannock, are C. Stubbs, of the Western Canadian Bituminous Coal Operators' Association; J. L. Richards, Domestic Coal Operators' Association; Angus J. Morrison, I.A.A. secretary, District 18, United Mineworkers of America; and J. Stoklos, vice-president, District 18, U.M.W.A.

The committee was set up under terms of a resolution passed at the last session of the Alberta legislature, which urged the institution of a long-range national coal policy by the Dominion government. The resolution was introduced by Mr. Tannock.

## Premier Churchill In Great Britain "Up To" Saturday

LONDON, April 17.—(CP)—Prime Minister Churchill was in Britain today, he was expected to be in London by Saturday. It was disclosed yesterday in an announcement, punctuating Axis-inspired statements circulating last week that he planned immediate conferences with President Roosevelt in the Caribbean area. The prime minister's presence here was made known through an announcement that he conferred Saturday with Edward R. Stettinius, United States under-secretary of state, who is in London for Allied policy conferences.

## Resolution Passed Canadian Legion Opposes City Beautification Scheme Until House Crisis Solved

While approving all plans for city beautification in principle, members of the Edmonton branch of the Canadian Legion at the monthly meeting Sunday passed a resolution opposing the currently proposed plan for a memorial park in the area adjacent to the Macdonald hotel, "until the housing problem in this city is first taken care of."

The resolution further suggested that the city council set up a committee, with war veteran representation, to study the housing problem for a "real low cost housing program." About 400 attended the meeting.

Following is the text of the resolution adopted by the Canadian Legion: "Whereas there is a determined attempt being made at the present time to divert the public money in the purchase of property on the south side of Jasper avenue between 100 and 50 street for the purpose of establishing a memorial park;

## Russians Batter Into Sevastopol

By HARRISON SALSBURY  
Copyright, 1944, by British United Press

MOSCOW, April 17.—Russian shock troops were battering their way into Sevastopol today while Soviet dive bombers and artillery rained destruction on troop-landed transports trying to evacuate the burning Black Sea naval base.

Sevastopol's north bay and naval anchorage were described in front dispatches as a "graveyard of sunken transports and ships."

LONDON, April 17.—(CP)—Russian troops fighting in the mountains east of Sevastopol captured several more localities today, and Soviet planes attacked strategic points on the Crimean coast.

Power barges, many of them with the cargo of food and supplies, were being used by German and Russian soldiers as they struggled to put out from the flame-battered waterfront.

Military observers predicted the fall of Sevastopol, and with it the completion of the Crimean campaign, within 48 hours.

Gen. Feodor I. Tolbukhin's Fourth Army of the Ukraine, smashing into Sevastopol from the north and northeast, had seized the city's main air field, destroyed airplanes on the ground, and Soviet fighters were attacking the city.

# C.C.F. Meeting Notes Against Joining L.P.'s

VANCOUVER, April 17.—(CP)—The annual provincial convention of the C.C.F. party here voted Saturday night against any affiliation with the Labor-Progressive party, but no formal resolution was passed by the convention on this issue.

A letter from a Labor-Progressive party official suggesting affiliation was read to the convention and discussed by delegates. Several delegates suggested that the way be left open for co-operation with the Labor-Progressive party in specific cases of mutual interest.

## PROTEST COAL IMPORTS

A resolution protesting the importation of United States coal into parts of Canada where transportation facilities made use of Canadian coal feasible was also passed at the final session.

Another resolution adopted by the convention established a general principle that working hours be shortened to provide employment for all with the understanding that shortened hours would not mean a reduction in wages below a guaranteed adequate income. This resolution was adopted in place of an earlier proposal that the convention adopt a resolution of a six-hour working day.

Application of an old-age pension permitting a maximum total annual income of \$1,000 to every Canadian over 65 was endorsed by the convention in a third major resolution adopted at the annual delegates' meeting. Under the resolution this maximum would not be subject to any deduction whatsoever.

Property of a pensioner should not be confiscated by the government and a pensioner should be the value of \$2,500 should be provided from the government provision that it revert to the state at the pensioner's death. This government provision, the convention termed "a penalty on thrift."

## SOCIAL INSURANCE

The convention endorsed the principle that every citizen unable to provide for himself should be entitled to social insurance. The convention passed a resolution that a C.C.F. government in British Columbia would abolish the appropriation for the upkeep of Government House, residence of the lieutenant-governor in Victoria.

The convention admitted Yukon to membership in the B.C. section of the party.

## Anti-Dust Drive Opened by Army To Curb Disease

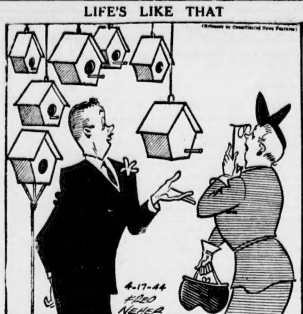

OTTAWA, April 17.—(CP)—The "great anti-dust campaign ever attempted by the Canadian army" has been launched in an attempt to reduce the spread of respiratory diseases in army camps, defense headquarters announced Saturday.

Respiratory casualties alone treated in military hospitals in Canada have been averaging 35,000 a year, the announcement said. "The cost to the taxpayer has been in the neighborhood of \$6,000,000 annually."

The loss to the army in 1942 amounted to 500,000 man-days, enough to fight the Canadian part of the Sicilian campaign, with 200,000 man-days left over. An average of 1,000 Canadian soldiers a year have been discharged as a result of respiratory infections—too badly wrecked in health to be of any further use to the army."

## Ships 'Vanish'

WASHINGTON, April 17.—(AP)—Between six and 12 merchant ships of the United States have vanished on Second Great War voyages without leaving any traces of their fate, the Maritime Commission said Saturday night.

"This one's for woodpeckers."

## Has Quarters, Anyway!

MILTON, Del., April 17.—(AP)—A banker placed a coin on each of a dead woman's eyes Saturday and removed them 12 hours later.

Joseph M. Lank, 68, vice-president and cashier of the Sussex Trust Company, said he had written promise of Mrs. Lydia Johnston, 56, that if the coins—1894 quarters—still were in place 12 hours after he placed them on her eyes, he would receive "a substantial sum of money" from her estate.

At 10 a.m. Saturday Lank placed the coins on the woman's eyes; then the room was locked. He returned at 10 p.m. found the coins still in place, and removed them in the presence of witnesses.

The banker said he doubted that he would receive any "substantial sum," but chuckled he said, "at least I have the quarters. That's substantial, you know."

## Careers in R.A.F. Open to Officers

LONDON, April 17.—(CP)—The Royal Air Force has made the first move of any of the services to offer permanent jobs to officers.

The scheme is designed to give an opportunity of a R.A.F. career to the many who entered the R.A.F. straight from school or university or only after a few months' experience in a civil occupation.

Thousands of officers who were just starting a career when war began but who have risen quickly in the service will now be asked to return to the minor low-paid jobs they left behind.

Grants for permanent R.A.F. commissions ceased with the outbreak of war, but at this state the committee is asking those who wish to remain in the service to make application for permanent commissions.

## Editor Dies

LONDON, April 17.—(CP)—William Percival Crook, 68, editor of the "Manchester Guardian," died yesterday. He joined the newspaper in 1900 and had been its editor since March 1932. He had been a director of The Guardian and of The Evening News since 1921.

The design was worked out on paper, then made in a small model plane which was a success.

## SOLUTION TO PROBLEM

Is there a solution for the German problem which will remove its recurrent threat to world peace? There is.

Are the German people or only their leaders to blame? If only the leaders, then the prophetic texts against their militarism are comparatively simple. If the people, then we must cope with millions of problems. Before any suggestion can be given to a proper solution of Germanism, its magnitude and nature must be ascertained.

In the last Reichstag elections held in November, 1932, the Leftist groups mustered 132,530 votes. The Rightist groups polled 250,535 votes. Such statistics might give the impression that a large minority of Germans disapproved of Hitlerism and acted under duress. But research into this important subject cannot be so summarily terminated. There was the Kaiser before Hitler, and the Kaiser before the Kaiser, and Frederick the Great before Bismarck—indeed, throughout the history of Germany to account for.

Under such conditions, Germany fought fanatically, heroically, sacrificially. There was no cold calculated intention to conquer. There was a will to execute a program of resistance to die for. The program was the same. Rich or poor, aristocrat or peasant, Jew or Gentile or ignoramus, these people considered they have a mission of conquest.

## PAN-GERMANISM

Nazism is but another name for Pan-Germanism which was projected by the aristocratic Junkers. The philosophy and drive were the same and received the same fanatic devotion from the German people. In the Kaiser's day Germany was prosperous. It was determined to carry out its program of conquest and impose itself "like the spirit of Imperial Rome" in Hitler's day Germany was poor. The program was the same. Rich or poor, aristocrat or peasant, Jew or Gentile or ignoramus, these people considered they have a mission of conquest.

## Doukhobors Jailed After Disrobing

NELSON, B.C., April 17.—(CP)—Twenty middle-aged Doukhobors, members of the radical Sons of Freedom sect, were lodged in jail here Saturday after they disrobed on one of their main city streets.

The group, which included six men and six women, was protesting the imprisonment of two Sons of Freedom, Jack Podniski and William J. Koochin, held on a charge of unlawful assembly in connection with a building which was damaged at nearby Brilliant, B.C.

A bearded man, who told Heaven he was the "Year of Noevision" joining the group but did not strip.

The Doukhobors gathered at the jail where they asked for the release of the two men held there. When police ordered them to disrobe, a number of the women started to disrobe. Several of the men also removed their clothes at this point police hustled them to jail. No charge has been laid.

Leaders had pledged—in the battle for the Imphal plain.

The Japanese lodged around Imphal have fought one battle with heavy losses, and since have relied on parol actions.

It costs them 10 to 1 in casualties against the 10 to 1 in the defense of Imphal, capital of Manipur State.

## NO ANXIETY FELT

No anxiety is felt over British ability to hold the Imphal plain, defense of which has been pledged both by Gen. Sir Claude Auchinleck, commander-in-chief in India, and the local Maharajah.

The Japanese last night to plan by their more-fanciful over-hand methods, throwing road-blocks along the routes from Tiddim, Tamu and Ukhrul and then climbing over them.

## CANNOT BRING TANKS

The Japanese have not been able to bring tanks over the jungle perimeter of the inland "island" of the Imphal plain, all speculation was critically discouraged.

At one period the idea was discouraged that there was any threat to the Bengal-Assam railway from the Japanese. The Japanese have been stopped gold on Imphal plane.
